# Explore ASU

## Monday, February 20, 2012

## **Session Descriptions**

### ***College of Liberal Arts & Sciences***

***Turquoise, 220***

Learn about the College of Liberal Arts and Sciences (CLAS), the largest College at ASU with over 60 majors. You will learn about resources and strategies to help you choose a major. You will hear about co-curricular opportunities such as study abroad, research with faculty, and internships in the community that will help you connect to ASU and maximize your experience. You will also learn about the benefits of living in one of our residential communities. As part of the presentation, a current student will talk about his or her Sun Devil Story. So start your journey at ASU with a visit to CLAS!

### ***Herberger Institute for Design and the Arts***

***Coconino, 246***

The Herberger Institute for Design and the Arts will discuss all 47 undergraduate programs offered in areas including art, dance, design, music, theatre and film in addition to cross-institute programs such as digital culture. The presentation will go into detail about each of the six schools within the Institute as well as the entrance requirements needed for specific majors. There will also be time for questions at the end of the presentation.

### ***Ira A. Fulton Schools of Engineering***

***Ventana, 241 A***

The Ira A. Fulton Schools of Engineering break-out sessions will provide an overview on the different undergraduate degree programs offered. You will know why we offer an innovative educational experience for our students and what makes us different from other universities that offer engineering programs.

### ***Mary Lou Fulton Teachers College***

***La Paz, 242 B***

Meet academic advisors and current Teachers College students as you learn about the Teacher Education programs offered at ASU. Financial aid, scholarships, and student involvement opportunities will also be discussed. Students will discover how ASU's unique teacher preparation programs will set them apart from other teacher candidates upon entering the job market.

### ***School of Sustainability***

***La Paz, 242 A***

Learn about factors that determine the sustainability of human institutions, organizations, cultures, and technologies in different environments. School of Sustainability degree programs at ASU not only build on the skills generated by discipline-based study, but make it possible for students to address the linkages between people in their social, natural, and built environments. Students will work on real-world challenges using real-world approaches.

### ***University College***

***Gold, 207***

Not sure what you want to major in at ASU? Learn how University College will assist you with the major and career selection process as an exploratory student, and about what resources exploratory students have access to at ASU.

### ***W.P. Carey School of Business***

***Alumni, 202***

Choosing the right education is a crucial step for your career and your life. The W. P. Carey School of Business equips you for success with core business knowledge, expert academic advising, world renowned faculty, innovative learning, and a dedication to career advancement. With an assortment of degree options and diverse campus locations throughout metropolitan Phoenix, W. P. Carey offers you a top-ranked business degree and a unique opportunity to match business with your passion. Our session will serve as an introduction to the W. P. Carey School of Business and explore all of the opportunities available within the college.

## **Additional Experiences**

### ***Barrett, the Honors College at ASU***

Want to maximize your undergraduate experience? Learn how Barrett, the Honors College at ASU can help you find the "best of both worlds", by offering you the personalized attention of a small college while having access to all the resources of a large, public, Research 1 university. Admissions to opportunities will be covered in this session.

### ***Pre-Health Professions & Pre-Law***

Learn about the services provided at ASU to students interested in graduate education in healthcare fields or law. The Pre-Professional Advising Office assists students from any ASU major on their path towards their career goals in healthcare or law. You will hear about the important factors needed to be successful in your pursuit towards professional school. The focus will be on specific ways that ASU can help a student be competitive in the application process. As part of the presentation, a current student will talk about his or her experiences related to their professional goals.
